The Arabian Working Western Alliance

Bonanza Program Terms & Conditions

Guidelines created for the operation of AWWA Bonanza Program are functions of the Arabian Working Western Alliance (AWWA). Final placings in the AWWA Bonanza Program are based upon scores earned in the corresponding U.S Nationals class.

All exhibitors wishing to enter the AWWA Bonanza Program classes MUST be entered properly in the corresponding U.S Nationals class. Only horses having a completed AWWA entry form on file will be eligible for payback monies and additional awards. Jackpots are created for each class based on number of AWWA entries. Any additional prize money is added to the jackpot. Prize money is distributed according to the AWWA Payback Schedule presented below based on number of AWWA entries in the class.

Any ties for prize money will result in adding the prize money together and dividing by the number of exhibitors tied for that placing. Flip of a coin will determine winner of any additional awards or ribbons.
