The Arabian Working Western Alliance
Regional Jackpots
Terms & Conditions

The AWWA Regional Jackpots operate in accordance with class specifications set forth in the Arabian Division of the USEF rule book sections for Working Western or Ranch Horse respective of the particular designated class. Guidelines created for the operation of AWWA Regional Jackpots are functions of the Arabian Working Western Alliance (AWWA). Final placings in the AWWA Regional Jackpots are based upon scores earned in the corresponding Regional class**.**

All exhibitors wishing to enter the AWWA Regional Jackpot classes MUST be entered properly in the corresponding Regional class. Only horses having a completed AWWA Regional Jackpot entry form on file will be eligible for payback monies and additional awards.

Jackpots are created for each class based on number of AWWA entries. Any additional prize money is added to the jackpot. Prize money is distributed according to the AWWA Payback Schedule presented below.

Payback checks are sent to the Recorded Owner of the Horse as it appears on registration papers.

No payback checks will be issued until a completed W9 form is on file with AWWA**. It is the responsibility of the exhibitor to submit the W9 form within 30 days from close of show or forfeit any and all prize monies.**

No payback checks will be issued 90 days past close of show.

Any ties for prize money will result in adding the prize money together and dividing by the number of exhibitors tied for that placing. Flip of a coin will determine winner of any additional awards or ribbons.
