Arabian Working Western Alliance
BONANZA JACKPOTS
Terms & Conditions

Updated: August 10, 2026

Guidelines created for operation of the AWWA Bonanza Jackpot Program are functions of the Arabian Working Western Alliance. Final placings in the AWWA Bonanza Program are based on scores earned in the corresponding U.S. Arabian & HA/AA National Championship class(es). Adjustments to selected classes and/or added prize money amounts may be modified from time to time.

AWWA Bonanza Jackpot Procedures:
All exhibitors wishing to enter the AWWA Bonanza Jackpot classes MUST be entered properly in the corresponding AHA U.S. National Championship class. Only exhibitors with a completed AWWA entry form on file with the AWWA will be eligible for payback monies and additional prizes. Jackpots are created for each class based on number of AWWA completed entries. Any additional prize money is added to the jackpot.

Prize money is distributed according to the AWWA Payback Schedule listed below.

Payback checks are sent to the Recorded Owner of the horse as it appears on registration papers. No payback checks will be issued until a completed W9 is on file with the AWWA. It is the responsibility of the exhibitor to submit the W9 form within 30 days from close of show or forfeit any and all prize money.

Any ties for prize money will result in adding the prize money together and dividing by the number of exhibitors tied for that placing. Flip of a coin will determine winner of any additional awards or ribbons.

Selected Bonanza Jackpot Classes at USN:
Bonanza Jackpots are created for both purebred Arabian and Half-Arabian/Anglo-Arabian classes in the following:
